**Click present mode
and press start**

Help

It was the 31st of October and you were about to go home after a long night of trick or treating but something caught your eye. A mansion! A very spooky one as well. You went in for your last trick or treat for the night when...

SWOOP!!

Do you kick the vampire?

or

Do you run from the vampire?

You instantaneously decide kicking is the best option. You did karate so you knew how to really injure the vampire. Hyaaa!!! Ouch!!!!!! You say as you kick the vampire. He bit your foot “I think it must be broken,” you whisper silently. You slowly start running away in pain.

You leap out thinking that you made the right choice but the vampire was gaining on you. 'You come across two doors, which to go in?' You ask yourself. You stop and think and make your decision quick

Help

Vent

Window

Do you slide through the legs of the vampire or hop in the grate on the floor.

Help

slide

grate

Do you crawl up the vent or jump out the window?

Help

Vent

window

Do you slide through the legs of the vampire or hop in the grate on the floor.

Help

slide

grate

You jump down the vent but it was no use your leg snapped off and you died.

Help

Return

Try again

You helplessly throw yourself out the window and land in a tree but... you here cracking beneath you. SNAP!!! You fall down and die

Help

Return

Try again

You slide under the legs and run straight to the door. The door was locked. Ahhhhhhhh! You die.

Help

Return

Try again

You tumble down under the floor and your last visual was a big room full of sacks leaking with candy. You die.
